BLAKE BASTION

Blake Bastion is an English singer, songwriter, musician and producer from Brighton. Combining intricate guitar playing, eclectic rhythms and lively melodies, with deep bass and rich vocals, Blake Bastion creates timeless sounding songs in a modern style. His heartfelt, soul searching lyrics seek to find purpose in our fast paced and ever changing world. Influences of Jeff Buckley, Chris Cornell and Sting can be heard in his voice, and as often found with guitarists that grew up listening to their parents records, he played along with Jimi Hendrix, Led Zeppelin and Eric Clapton from an early age.

7:30PM

JP AND THE RAZORS

JP and the Razors are a cool, three piece RnB/Country/Folk/Blues outfit who entertain for the hell of it! Way back in the early 'naughties' they were just another good time bar band mixing country, folk and rock n roll together in the pubs and clubs. They were then a 4 piece outfit called 'Jonny and the Razors'! fROOTS writer Si Jones diversely compared them to The Pogues, The Faces, Lindesfarne and Squeeze! But then went on to say that they were 'A bunch of free thinkers who played for the hell of it and entertained royally into the bargain'.
